

## Hartlepool Sport System Mapping

Updated 6<sup>th</sup> September 2025

This is a **snapshot** of the 236 providers that were mapped recently by the Hartlepool Sport team, covering 50 different activities. This report compliments the work of Hartlepool Opportunities Partnership (HOP), Sport England and the Hartlepool Board.

## Notes & Limitations

- There is a lot of ambiguity between formal and informal provision, nontraditional providers of physical activity etc so some organisations may be omitted from this snapshot but could be included in future updates.
- Football, when including the Sunday League has the largest number of clubs (38), followed by Combat (19), Gym & Fitness (19) and Dance (15).
- Football includes all known Sunday League teams as independent 'clubs'. Some of these teams are from outside of the borough but compete within the Hartlepool Sunday league.
- Several clubs/providers operate from multiple sites and in some instances, they may be included more than once (see appendix).
- Several clubs/providers may have different governance arrangements to their 'parent' club and where known, these are included as their own entry.
- Those organisations without a fixed address are typically listed under the Civic Centre address.
- Many exercise providers (e.g. Pilates, spinning) and personal trainers are not currently included in this mapping as these typically take place in leisure facilities.
- Schools, colleges, nurseries and child minders are not currently included in this mapping other than as a club delivery address
- Some nontraditional providers are not currently included in this mapping
- Some organisations deliver several distinct roles, and as such a listed several times
- Any organisations inadvertently omitted from this snapshot should note that it is likely due to our own error, and we would welcome feedback accordingly
- Some categories may be merged/changed following partner consultation
- No analysis of the individual clubs/providers is included in this document, but it is worth noting that Hartlepool has clubs from grassroots through to international level.
- All information in this document is already in the public domain

## Live Google Map\*

\*Listings are subject to change

## Feedback

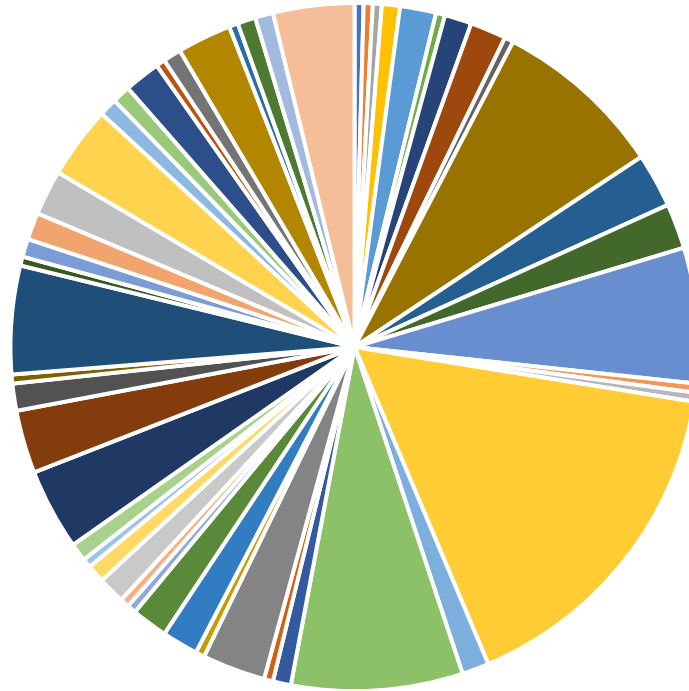

Mapping of complex systems is never ending, and we welcome feedback and constructive challenge as we aim to provide an overview of the sheer scale of Hartlepool's sport and physical activity providers. All feedback should be sent to [admin@hartlepoolsport.co.uk](mailto:admin@hartlepoolsport.co.uk).

### Breakdown of clubs/providers by type

|                                      |    |                      |    |
|--------------------------------------|----|----------------------|----|
| Aikido                               | 1  | Multi Sports         | 1  |

## About Hartlepool Sport

Hartlepool Sport is here to support the amazing work of our sports clubs and providers.

We work strategically with local government, the NHS and other statutory services, and across the voluntary sector to see where opportunities are for partnership working and joining things up. We work operationally to support local clubs, providers and partners. We also help activate community spaces and support the preventative agenda.

What we do can be distilled into three broad themes:

- Clubs, Networks & Partnerships,
- Urban Sport & Urban Play,
- Health, Movement and Lifestyle.

## Club Networks & Projects

### Club Network

Hartlepool is unique with over 200 clubs and sporting organisations in a town of <100,000 people. Getting these clubs in a single room can provide valuable insight when it comes to governance and solving local problems.

If you run a local sports or community club then - [Join the Network](#).

### Sports Council

For over 40 years the Hartlepool sports council has been identifying talented athletes and supporting them with small grants and hosting an annual awards ceremony.

The Council is made up of elected representatives from clubs, 4 local Councillors, a local authority officer and a representative from TASS.

The sports council manage a delegated quarterly athlete grant scheme and select the recipients of the Gus Robinson Hartlepool Sport Annual Awards winners. Hartlepool College of Further Education host the annual awards celebration as a key partner of the sports council.

#### Annual Awards

[APPLY](#)

#### Athlete Grants

[APPLY](#)

#### Active Schools

This network compliments the work of the Hartlepool School Games Organiser, and clubs and providers who work alongside schools to promote Physical Education, School Sport and Physical Activity (PESSPA).

It also supports and brings together our EYFS programs and funding, including Healthy Movers, our Move Mania project, all our Youth Voice workstreams, and even our Sports Council priorities (Awards & Athlete grants).

If you run are interested in supporting schools to become more active, then

– [Join the Active Schools Network](#)

#### EYFS Network

The aim of the network is to explore creative ways we can work together to give the children of the town the best start possible regardless of their background, culture, education, financial circumstances, locality etc.

We also facilitate a £49,000 annual funding pot for EYFS providers to apply for.

#### EYFS Grants

[APPLY](#)

#### Urban Sport & Urban Play Network

We help communities to activate their local places, from parks and playgrounds to the beach.

From Pumpkins in the Park, to the Grinch taking over local parks at Christmas, to our comprehensive school holiday programs, there's something for all the family to get involved in.

Reports:

[Pumpkins in the Park 2023](#)

## Strategic Networks & Partnerships

There is a lot of momentum building across Hartlepool, with many existing and emerging strategic networks working closer together, to ensure that investment goes further for local people.

Hartlepool Sport is involved in much of this strategic work and ensures that sports clubs and providers are part of the conversation and can shape this work.

### Hartlepool Board

Overseeing the Plan for Neighbourhoods investment of £20m, engaging with the community to learn of their priorities for their local places.

Hartlepool Sport is a board member.

### Hartlepool Opportunities Partnership (HOP)

Hartlepool's voluntary sector strategic partnership, HOP is working closely with statutory partners on a range of shared priorities, including Hartlepool Board's Plan for Neighbourhoods.

Hartlepool Sport's CEO is a Trustee for HOP.

### Sport England Place Expansion

This is a welcome investment from Sport England. We are in the "insight" phase, where we learn from our community how we can help them to lead active lives.

Hartlepool Sport are leading on Children and Families on behalf of the wider network.

Insights will inform a full application in July 2025 for the (initial) five-year project.

### Join The Movement (JTM)

Hartlepool's strategic action group making improvements across Health, Lifestyle, and Movement to remove systemic inequalities and help get more people moving, more often.

The network meets every two or so months. The gap in Hartlepool's partnership infrastructure focused on improving physical activity motivated the formation of Join The Movement.

The network is relatively young, having held a handful of meetings so far, and agreed upon three main priorities:

- Reducing obesity amongst children and adults
- Improving long term health conditions
- Improving Mental Health & Wellbeing

Do you work in one of these Areas? – [Join The Movement](#)

### **Culture and Creative Partnership**

Similar to JTM, but for the culture and creative industry and providers.

Hartlepool Sport is a board member, working with partners to look at ways of bringing movement and play and creatives together.

Hartlepool Sport is also a consortium member of a circa £1m Arts Council England Creative People and Places bid for the borough, that if successful, starts April 2026

### **United Nations Sustainable Development Goals**

We are working towards the UN Sustainable Development Goals and are mindful of how our decisions locally, can have global consequences.

We encourage all of our partners to learn more about SDGs.

## **Youth Networks & Partnerships**

There are several different Youth Networks across Hartlepool and beyond that we support and/or feed into.

### **Hartlepool Sport Youth Network**

This is an emerging network, bringing some of the youth representatives from clubs and providers, our YPSP project, and some of the amazing young volunteers from our Urban Sport & Urban Play program together to learn from them, and support other groups to embed youth voice into their organisations.

Some light touch work has supported clubs and providers to establish Young People's voices forums. The ambition is to facilitate a wider cross provider forum of Young People's representatives to identify challenges and feed into wider work and allow this young people's forum to be able to commission projects themselves.

### **Hartlepool Youth Work Network**

This network brings together youth centres such as the Belle Vue Community Sports Centre, West View Project and Kilmarnock Road Community Centre, Hartlepool Sport, Hartlepool Borough Council's Youth Service among others.

The future of this group will be determined as the Hartlepool Local Youth Partnership continues to be established.

### **Youth Advisory Board**

This emerging advisory board is made up of several youth representatives including Hartlepool's Youth Member of Parliament.

This group feeds into the Hartlepool Board, advising on youth priorities on the Plan for Neighbourhoods investment.

### **Local Youth Transformation Pilot**

Hartlepool Borough Council are one of 12 local authorities nationally to receive support from the Department for Culture, Media and Sport (DCMS) to help to re-build a high-quality offer for young people, testing ways to best rebuild local authority and community capability that ensures a local youth offer which addresses the needs of young people and supports Government priorities.

### **Hartlepool Youth Partnership**

Local Youth Partnerships (LYP) address the needs of children and young adults locally, through partnerships and collaboration. Robust, inclusive and varied partnerships encourage higher investment and support for youth, resulting in better outcomes for children, young people and communities.

This is an emerging piece of work. [More information can be found here.](#)

### **NEYA Regional Youth Partnership Meetings**

Over the next two years, the intention is to hold several meetings for LYP leads with those supported by NEYA directly or indirectly. These events will bring together lead professionals to explore how Local Youth Partnerships (LYPs) can be strengthened and developed across the region. The sessions may include but are not limited to the following focuses; sharing best practice, identifying strengths within existing LYPs, and co designing practical approaches for regional growth and collaboration.

## Health & Lifestyle Networks & Partnerships

Join the Movement encompasses a large body of work from Hartlepool Sport and a whole range of partners from across the voluntary sector and statutory services.

### Young Person's Social Prescribing

Our young person's social prescribing project is designed to empower 11–18-year-olds by connecting them with tailored support and resources.

Through a collaborative approach, we help young people explore their interests, access community services, and build meaningful connections.

This initiative aims to enhance wellbeing and promote positive mental health, ensuring they have the tools they need to thrive. Join us in fostering a supportive for our youth to grow and succeed.

### Adult Community Mental Health Transformation

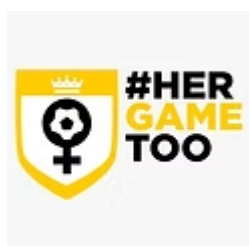

The Hartlepool Community Mental Health Transformation Fund has been established to support innovative, community-led projects that improve mental health support for adults across Hartlepool.

The fund is part of a broader programme of transformation aligned with the Community Mental Health Framework and local priorities co-produced during the 2025 Visioning Workshop.

This funding opportunity invites VCSE organisations, partnerships, and community groups to propose services or projects that meet local need, close gaps in provision, and contribute to a more inclusive, person-centred and trauma-informed system.

Hartlepool Sport is part of the steering groups for this partnership.

Visit <https://www.thepfctrust.org/communitytransformationfunding> for more information.

### Her Game Too

Her Game Too is a successful national campaign from Sport England that has recently celebrated its tenth year.

Founded in May 2021, Her Game Too is an unpaid, voluntary campaign led by a team of dedicated female sports fans who are passionate about

creating a positive change in football and the wider sporting world. Hartlepool Sport are supporting regional efforts through small amounts of funding and helping to bring other clubs on board with the HGT initiative.

### **Financial Inclusion Partnership**

The Financial Inclusion partnership is led by West View Advice and Resource centre, in partnership with various VCSE and statutory partners.

Hartlepool Sport is an executive committee member.

### **Diversity Networks**

We are involved in several diversity and cohesion networks including the North East Anti Racism Coalition and the Hartlepool Board's Diversity & Cohesion network.

We have recently worked closely with the Diversity Network for our Summer Urban Sport & Urban Play program, and with Hartlepool Borough Council on their fun day at Mill House Leisure centre.

### **Walks into Wellness Network & Walking Festivals**

Walk into Wellness is an informal network of walk providers across Hartlepool, from the VCSE and statutory services. This network was created and convened by Tees Valley Sport, in partnership with Hartlepool Sport and Hartlepower.

Hartlepool Sport have also provided staff time and some funding to deliver several walking festivals which have been popular ways of engaging with local people, bring service providers to local people. Short, Medium and Long walks were offered, along with 'walking sports' offers from Huskies Basketball and Hartlepool Wadokai (Karate).

Hartlepool Sport have since commissioned Walks with a New Perspective, a locally trusted walk provider, to facilitate this WIW network and to deliver several walking festivals each year.

### **Hartlepool Police Independent Advisory Group**

IAGs help the Police to tackle issues that may cause concern to local people, communities and businesses.

They do this by offering guidance, insight, and where needed, acting as critical friends to the Police.

Hartlepool Sport is a member of Hartlepool's IAG.

### **Food Partnership**

The Hartlepool Food Partnership brings together representatives from the community, food businesses, the voluntary sector, educational institutions and the local authority – who care about the quality, affordability and sustainability of food in their town. By working in partnership with the wider community, a long-term plan is created to make available healthy, affordable and sustainable food.

Hartlepool Sport is a member of the steering group.

Visit <https://hartlepoolfoodpartnership.co.uk/> for more information.

### **Poverty Truth Commission**

The work of the Poverty Truth Commission aligns clearly with the Urban Sport and Urban Play areas (amongst other areas of Hartlepool Sport strategy).

Hartlepool Sport recently funded the commission's "say it with flowers" launch event at the Brus tunnel.

### **Literacy Taskforce**

We are working with many local partners as part of the Hartlepool literacy taskforce, and its various workstreams.

Hartlepool literacy rates aren't where we would like them - even the language we use on this website isn't accessible to all, something that we are working on. The taskforce goes beyond reading, to include health and financial literacy amongst others...

[Press release](#)

### **Joseph Rowntree Foundation Sea Change Partnership**

This is an emerging partnership led by JRF.

Hartlepool Sport, BloominArt, CLIP, West View Advice & Resource centre are working with some national, and local partners.

Each organisation has a team of 3 community researchers to work alongside communities to learn more about their aspirations and how we can overcome barriers together.

### **Inclusion, Para Sport & Movement**

We have been a long-time partner and supporter of CLIP, Sportability and Hartlepool Carers and have funded many inclusion initiatives and pilots.

Within PFC Trust, Hartlepool Sport worked closely with Daisy Chain and supported many initiatives and gained significant insight into the barriers to activity for the neurodivergent community.

We recently started working with Catcote school, to bridge the gap between their art & creative team, and physical activity by stealth to promote health and wellbeing.

Hartlepool Sport has built on the inclusion pilots, with some more intense development work with Huskies SENDsational program, and the addition of para sections in regional Karate championships (North East Open Karate Championships).

### **Resilience Forum**

We are working alongside the The Big League CIC/the Salaam Centre, local government and a range of partners to learn about the role sport clubs can play in community resilience.

## **Projects**

Hartlepool Sport has various other projects, visit [www.hartlepoolsport.co.uk](http://www.hartlepoolsport.co.uk) for more information
